Overview

Rep Andrew Garbarino has introduced 17 pieces of legislation and cosponsored nearly 430, 51 of which have passed the House of Representatives, including three he introduced. 10 pieces of legislation that he supported have been signed into law. He served in the New York Assembly, where he served the 7th district for four terms. A proud member of the Sayville Rotary Club and Knights of Columbus, Rep Garbarino has been a leader in his Long Island community following the Rotary Club's motto, "Service Above Self." He now represents New York's Second Congressional District.

Positions on Energy and Climate

Rep. Garbarino supports an all-of-the-above energy strategy that he believes has contributed to America's energy independence and economic prosperity and is necessary to provide low-cost, reliable energy to all.

Co-chair of the Climate Solutions Caucus and a member of the Conservative Climate Caucus, he advocates for investments in American resources and private sector innovation that will reduce emissions, not reduce energy choices. He tackles environmental issues with science-based solutions that reject massive federal government takeovers, avoid excessive regulation, and respects the free market.

Why we support Rep. Andrew Garbarino

He is the 29th most bipartisan Congressman in the House and one of 13 House Republicans who voted for the bipartisan infrastructure bill. "I never thought I would get death threats over paving roads and clean water projects," Garbarino said.

He Co-chairs the House Climate Solutions Caucus [Freshman Rep. Andrew Garbarino seeks to restore 'depleted' Republican ranks of the climate caucus](#) and attended COP 26 in Glasgow as part of the Climate Solutions Foundation, a bipartisan group delegation. His district necessitates an understanding of coastal issues from sea level rise and storm surge with direct experience because Hurricane Sandy hit his district. Recognized as [Federal Champion](#) by nonpartisan C3 American Flood Coalition (April 19, 2022). One of only 12 Republicans to vote Yes on [Roll Call Vote 185](#) addressing methane emissions. Rep. Andrew Garbarino was also a guest on the RepublicEn podcast EcoRight Speaks on March 2, 2022. He spoke about methane capture as a common ground immediate issue.
